For planX1, if Subscriber makes an application to use Docomo's connectivity (the "**Docomo Application**") in accordance with the procedures separately determined by SORACOM, and SORACOM accepted the Docomo Application, then the Subscriber will be charged the rate specified in the table below ( the "**Docomo Rate**") for all planX1 subscriptions belonging to the Subscriber's SORACOM Account (Operator ID). The Docomo Rate will be applied even if the connectivity actually used is that of a Mobile Network Operator other than Docomo's. Docomo Rate is applied on a monthly basis. Even if Subscriber makes a Docomo Application in the middle of a month, the Docomo Rate will be applied to the Subscriber's data usage for the entire month. If Subscriber requests to stop using Docomo's connectivity in the middle of a month, the regular Data Usage Fee in the table above will be applied from the following month.
